By means of this document GENUINE WAY attests that this company has completed its process of **documental notarization on the public blockchain**, by means of the **GEN Blockchain Platform**.

Genuine Way has verified the content of the batch of corporate documentation made available by the company, proceeding to duly register it on the **EOS.IO Blockchain**. The files have become therefore indefinitely accessible by the general public, guaranteeing a higher level of transparency to consumers.

All related transactions may be browsed on <https://eostracker.io/> by utilizing the hash addresses provided in the smartphone interface connected to the physical products.
